Dear Sir/Madam

I am a resident of Whitminster village and I wish to register my objections of the following two developments for the reasons I outline below:

**1. Site WHI012 (Land South of Hyde Lane, Whitminster)**

I object to development of this site as it is well outside the existing development boundary. In addition, it is served by an undrained single lane road that is not able to properly support twenty houses.

**2. PGP1 (Land at Grove End Farm) for up to 2,250 houses)**

I object to development of this site as it is outside the area previously identified on the Whitminster Plan. The development is massive, many, many times bigger than the whole of the existing village settlement and as such will alter the entire village character beyond recognition, not to mention the destruction of the countryside surrounding the village or the impact on the current infrastructure.

Yours sincerely
