Stroud District Council is starting the process of reviewing the current Local Plan. This consultation is seeking views about the range of issues that the next Local Plan will need to tackle, and options for addressing them. This includes the identification of potential areas for growth and development. We ask a series of questions throughout the consultation document (each of which is numbered). Please refer to the question number and/or topic in your response, where relevant.

You can download a PDF or an editable electronic copy of this form from our website www.stroud.gov.uk/localplanreview. You will also find the main consultation document on this web page, as well as some supporting material and further reading. **Please note: there is a separate form for you to fill out if your comment relates specifically to a site submission / proposed alternative site (Local Plan Review: Call for Sites).**

The consultation closes on Tuesday 5th December 2017. Please email completed electronic responses to local.plan@stroud.gov.uk or post paper copies to **Local Plan Review, The Planning Strategy Team, Stroud District Council, Ebley Mill, Westward Road, Stroud, GL5 4UB**. Should you have any queries, the Planning Strategy Team can be contacted on 01453 754143.

The consultation is seeking views about whether the big issues identified within this paper are the right things to focus on and what options exist for tackling them. Are there other issues, options or opportunities that have been missed? **Please note: there is a separate form for you to fill out if your comment relates specifically to a site submission / proposed alternative site (download a copy of the sites form at www.stroud.gov.uk/localplanreview).**

We ask a series of questions (highlighted in pink boxes) throughout the consultation paper. Each of the questions is numbered. Please can you reference the question number(s) and/or the topic here:

Question number: 2.3C & 3.6

Please use this box to set out your comments:

The land to the south of Brockworth (SALA ref. UPT007) is in a sustainable location and is located adjacent to Brockworth's settlement boundary that is contained within Tewkesbury's administrative area.

The whole site at circa 10.04 hectares could accommodate a significant number of dwellings (circa 300 dwellings) and because of its size and location our client is willing to divide the site as part of the submission.

As illustrated on the supporting location plan; Land to the north, which is listed as Site A is circa 1.9 ha and land to the south, which is listed as Site B is circa 8.14 ha

Site A is agricultural land and surrounded by residential development to the north and east. To the west is Land south of Hucclecote that is listed as SALA reference UPT006 and is identified as a potential housing allocation in the Stroud Local Plan review (site G3). To the south is Site B.

Site B is also agricultural land and is surrounded by residential development to the north, open countryside to the east and south, and SALA reference UPT006 to the west.

Access to the whole site is currently gained from a gated entrance to the south east. Future access to Site A could be achieved from Donaldson Drive.

Bruton Knowles consider that the development of both sites will not lead to the narrowing of the gap between Brockworth and Upton St Leonards, because land to the west referred to as Land south of Hucclecote (UPT006) extends to the southern tip of our client's site boundary. The development of Site A will round off existing development located to the north and east and the development of Site B can provide the provision of a buffer to the surrounding AONB designation. Landscape features of the former manor estate will also be retained.

There would appear to be no overriding physical constraints or potential impacts preventing sensitively located development for a medium to large scale housing scheme on either site.

Bruton Knowles would like to express that the whole site is under single ownership and that it is immediately available and deliverable over the next 5 years. For these reasons the site would make an appropriate residential allocation.

The Stroud District Local Plan Review: Issues and Options Paper identifies a number of sites around the District's main settlements with potential for future growth. The Council is inviting the submission of **alternative potential sites** for consideration as part of the review of the Local Plan, including sites at smaller villages that could also benefit from some future development.

Please use this form to provide information on sites in Stroud District, which you would like to suggest as suitable for:

- New housing development of **five dwellings or more**;
- Sites of **0.25 hectares** or **at least 500 square metres of floorspace**, which could be suitable for economic development, other residential development, retail or community uses.

Please fill out an individual site submission form for each site you would like to submit for consideration. Your form must be accompanied by a site location plan (on an Ordnance Survey base), clearly identifying the site boundaries and the site access point(s).

This call for sites closes **on Tuesday 5th December 2017**. Sites submitted as part of the Local Plan Issues and Options consultation will automatically be considered for inclusion in future updates to the Strategic Assessment of Land Availability (SALA) and the Brownfield Land Register, as appropriate.

Please email completed electronic responses to local.plan@stroud.gov.uk or post paper copies to **Local Plan Review, The Planning Strategy Team, Stroud District Council, Ebley Mill, Westward Road, Stroud, GL5 4UB**. Should you have any queries, the Planning Strategy Team can be contacted on 01453 754143.
