I'm a resident of Whitminster village and I

- object to development of site WHI012 (Land South of Hyde Lane, Whitminster) which is well outside the existing development boundary and is served by an undrained single lane road that cannot support twenty houses. The local school is full to capacity, therefore more cars on the road driving children to school.

I also object to development of PGP1 (Land at Grove End Farm) for up to 2,250 houses as it will destroy the local character of Whitminster village and extend urban sprawl from Stroud through to Whitminster. The loss of public rights of way and open countryside would be detrimental to the health and wellbeing of local residents. The additional traffic would be awful, it already takes 45 mins to do a 20 min journey in rush hour. There is limited public transport and no busses at all to Stroud.

The millions of pounds that have been spent on the Stroudwater Canal will be wasted if it passes through a housing estate, it will stop people walking it and enjoying the countryside of Whitminster.

Regards
