

Group 2 Medical Examination Report for a Taxi and/or Private Hire Driver Licence

This medical form is based on the DVLA D4 medical examination form for a Group 2 (HCV or PHV) licence. The medical must be completed by:

- The applicant's own general practitioner or,
- A suitably qualified medical practitioner that has been provided with a Summary Medical Record obtained by the driver from their own General Practitioner. The Summary Medical Record should be no more than two months old at the time that it is provided to the medical practitioner undertaking the medical.

The doctor completing the medical examination should take account of the Group 2 standards contained in the DVLA's guidance document 'Assessing fitness to drive'. This is available on the DVLA's website <https://www.gov.uk/guidance/assessing-fitness-to-drive-a-guide-for-medical-professionals>

The examination includes a vision assessment. If the doctor is unable to fully answer the vision assessment questions the applicant must have this part of the medical completed by an optician or optometrist.

At the end of the form, on page 8, the doctor will state whether or not the applicant is fit to drive a hackney carriage and/or private hire vehicle

Information for the applicant about the medical standards to pass a Group 2 medical can be found in the DVLA's leaflet INF4D. A link to this leaflet is available on the DVLA's website <https://www.gov.uk/government/publications/d4-medical-examiner-report-for-a-lorry-or-bus-driving-licence>
