Subject: Objection to PS29 being included in Emerging Strategy for Dursley

I am writing to formally register my opposition to the inclusion of area PS29 in the Emerging Strategy paper for Dursley and do not want it be included in the Local Plan. The reasons I object are as follows:

- 1 Previous planning applications have been lodged and rejected for good reasons and it is both illogical and inconsistent consider it now for inclusion in the local plan
- 2 Dursley has absorbed more than a fair share of large housing developments and the last thing needed is yet more housing
- 3 The provision of new housing in Cam and Dursley far exceeds local employment opportunities meaning that Dursley is slowly being transformed into a commuter town
- 4 The position of the proposed new development is on the "wrong" side of Dursley - leading to extra traffic congestion through the town centre
- 5 The development will place an additional burden on Cam and Dursley's already stretched infrastructure - education, medical facilities, parking etc are all likely to be adversely affected
- 6 PS29 occupies a particularly beautiful natural setting and a development here would both blight the town and lower the quality of life for all those that enjoy and appreciate the natural environment
