To: "bankssolutionsuk@gmail.com" <bankssolutionsuk@gmail.com>

Dear Charlotte,

Pleas can you pass the following email to the planning inspectors for their information:

National Highways have become aware of appendix 2ac6 *note on housing supply which could be delivered before impacts on M5 J12 and J14 would require migration*. National Highways are currently reviewing the note and have written to the council (Stroud) to gain clarity regarding the assumptions made in forming this view. We are planning to make representations to the inspectors if these are being accepted, as we are not aware this has been evidenced in modelling terms and therefore raises concern to the Strategic Highway Authority.

Kind regards,

Lisa

Please note my working week is Monday to Thursday.
