4. Do you consider the Local Plan is :

4.(1) Legally compliant	Yes	yes	No	
4.(2) Sound	Yes		No	no
4 (3) Complies with the Duty to co-operate	Yes	yes	No	

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

There remains a degree of internal inconsistency within the Local Plan insofar as the Council is seeking provision of ULEV charging points for every new dwelling through application of this policy, while actively seeking to discourage the use of cars, elsewhere within the Local Plan, irrespective of fuel source. The approach to policies on transport should be consistent with the NPPF and should not actively discourage the use of any particular mode.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

A consistent approach should be taken to ULEV charging requirements in the context of policies relating to car use throughout the Local Plan.
