① I have lived in Cambridge for over 50 years. The proposed Wisbe site has until recently been productive agricultural land. In the future it is very possible we will have to produce more of our own food. This land should not be built upon.

② This proposed site is located on the M5 motorway, bordered by the A38 trunk road & the A4135. Recent research has shown the detrimental effect of traffic fumes & noise especially on children's health. There is also the problem of noise pollution. All roads in this area are overloaded & in summer the noise never ceases. Please don't add to this problem.

③ If this area were to be developed the property owners will have to work. There is no employment of note in the immediate area. No-one is going to walk miles to work these days. The railway is already overcrowded & the station & car park too small. This all means more traffic on the roads & everyone living in a built up, fume-filled area.

④ Slingsby has a separate identity to Cam. With this development it will become one constant ribbon development - it will no longer be a beautiful rural area. We need small developments aimed at local people & first time buyers.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

**Yes**, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

*Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*
