## EMERGING STRATEGY OF LOCAL PLAN REVIEW

Dear Sir,

Brookthorpe-with-Whaddon Parish Council wishes to register their **strong objection** to include for development any land designated as GL2, whether this requirement is to provide overspill for Gloucester City Council or to increase available land for development within Stroud District Council.

Any development of this area, being so close to the city boundary and the further development of Hunts Grove, would totally destroy the rural nature of the Parish. Development of this area is felt unnecessary particularly when the Councils of Gloucester, Cheltenham and Tewkesbury refuse to identify land for development within their own areas.

Yours sincerely,

Parish Clerk
