## Core Policy CP6 - Infrastructure & Developer

Core Policy CP6 states that where implementation of a development would create a need to provide additional or improved infrastructure and amenities, would have an impact on the existing standard of infrastructure provided, or would exacerbate an existing deficiency in their provision, the developer will be expected to make up that provision for those local communities affected. Where the developer is unable to make such provision, the Council will require the developer to make a proportionate contribution to the overall cost of such provision through a legal agreement and/or Community Infrastructure Levy.

It is inappropriate for the Council to expect developers to make up existing deficiencies in existing infrastructure and amenities. The Council should only be

seeking contributions to meet requirements originating from new development.						
This should be clarified by a modification to <b>Core Policy CP6</b> .						
6. Please set out the modification(s) you consider necessary to make the Local						
Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with						
the duty to co-operate is incapable of modification at examination). You will need						
to say why each modification will make the Local Plan legally compliant or sound.						
It will be helpful if you are able to put forward your suggested revised wording of						
any policy or text. Please be as precise as possible.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

The HBF is the principal representative body of the house-building industry in England and Wales. Our representations reflect the views of our membership which includes multi-national PLC's, regional developers and small local builders. In any one year, our Members account for over 80% of all new "for sale" market housing built in England and Wales as well as a large proportion of newly built affordable housing. The HBF wish to attend the Stroud LPR Examination Hearing Sessions to discuss the above representations in greater detail.

**Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
