Message:

We attended a SDC plan meeting in Painswick last week. Thank you for providing the opportunity for comment.

I noted the following points:

1. SDC doesn't have a housing quota to fullfill 2. SDC could provide no evidence of a requirement for extra housing in Painswick.

The general consensus of the people in the room during my visit was that extra housing in Painswick was NOT required.

I suggested that the village should be properly polled if this was in doubt.

I would therefore hope that any decision to progress ANY new development sites in Painswick should respect the above sentiments or provide information to the contrary. I would also expect that any views to the contrary would be derived from long term residents of Painswick, not property developers or individuals with interests in such developments.
