Introduction

This document contains information on committed and completed housing developments in the Stroud District at 31 March 2021. Due to the Covid-19 pandemic, site visits have been restricted. Data on commencement of development and number of completed dwellings has instead been obtained direct from the developers/ promoters of large sites and, for small sites, from a mix of site visits, Council Tax, Community Infrastructure Levy (CIL), Building Control and Land Charges records.

In November 2015, the District Council adopted the Stroud District Local Plan which includes a housing requirement figure for the period 1 April 2006 to 31 March 2031 of at least 11,400 dwellings equating to an annual requirement of 456 dwellings. Table 1 sets out the remaining requirement for the Plan period to 2031 against the adopted Local Plan Housing requirement.

The adopted Local Plan is currently being reviewed. Regulation 19 consultation on a Pre-Submission Draft Plan May 2021 concluded in July with submission of the Plan to Government for examination timetabled for Autumn 2021. The Draft Plan sets out a minimum housing requirement of 12,600 dwellings for the Plan period 2020 to 2040, based on the standard method minimum annual housing requirement of 630 dwellings, together with the development strategy for meeting a significantly increased minimum housing requirement. Table 2 updates current commitments with planning permission as at April 2021 and sets out the remaining minimum requirement for the Draft Plan period to 2040.

Information on affordable housing, care homes and Gypsy, Traveller and Travelling Showpeople provision is shown against adopted Local Plan targets for the Plan period to 2031. Pre-Submission Draft Plan targets for the Plan period 2020 -2040 are also indicated, where relevant.

The information provided in this document shows net changes to housing stock where possible, as it is the net increase in housing stock that helps meet housing requirements. Therefore, account is taken of any loss of dwellings occurring as a result of development on a site through demolition or conversion.

Hunts Grove Parish came into existence on 1st April 2020. Commitments and completions for Colethrop Farm (Hunts Grove) are currently attributed to the parishes of Hardwicke and Haresfield based on parish data at the time of application for planning permission. Future monitoring reports will need to consider how to report commitments and completions within the parishes of Hunts Grove, Hardwicke and Haresfield.

This monitoring period runs from 1st April 2020 until the 31st March 2021.
All data comes from the Gloucestershire Monitoring Database unless otherwise stated.
Further information can be obtained from the Planning Strategy Team:
E-mail: local.plan@stroud.gov.uk

While accurate at the time of publication, this report is subject to change due to continuing monitoring.

Note:

Throughout the document reference is made to 'large' and 'small' sites these can be defined as follows:

A **large** site is one on which 10 or more dwellings are built, or provided through conversion or change of use.

A **small** site is one on which 9 or fewer dwellings are built, or provided through conversion or change of use.

Summary of Housing Land Supply

Table 1 below illustrates the net completions, for the adopted Local Plan period since 2006, and commitments for Stroud District set against the adopted Local Plan 2015 housing target. Table 2 updates net completions, for the Pre-Submission Draft Plan Period since 2020, and commitments at April 2021 set against the Pre-Submission Draft Plan minimum housing requirement calculated using the standard method. Both tables are based on large and small site commitments with planning permission or with a resolution to grant planning permission and do not include adopted Local Plan allocations or Pre-Submission Draft Plan allocations without planning permission. Please refer to the latest Five Year Housing Land Supply report 2021 for this information.

Above requirement	+1

The publication of a revised version of Planning Policy for Traveller Sites (PPTS) in August 2015 included a change to the definition of Gypsies, Travellers and Travelling Showpeople for planning purposes. The updated GTAA (March 2017) assessed needs for the period 2016 to 2031 and identified no need for further pitches for Gypsy and Traveller households that meet the definition and up to 7 pitches for households that may meet the definition. In terms of Travelling Showpeople, the updated GTAA identified a need for 8 additional plots for households who meet the definition and up to 4 plots for households that may meet the definition. These requirements have been taken forward in the Pre-Submission Draft Plan May 2021. A new countywide GTAA is expected Summer 2022 for the period 2021 to 2041.

Note: A negative figure indicates that a dwelling has been lost, but the replacement dwelling is not yet complete and will be recorded as a gain in the year of its completion. There have been a few sites that have altered premises from 2 dwellings to 1, hence causing a negative figure as two dwellings are lost but only one gained.

*Colethrop Farm (Hunts Grove): Hunts Grove Parish came into existence on 1st April 2020. Completions are currently attributed to the parishes of Hardwicke and Haresfield based on parish data at the time of application for planning permission. Future monitoring reports will need to consider how to report completions within the parishes of Hunts Grove, Hardwicke and Haresfield.
