

Stroud District Council is starting the process of reviewing the current Local Plan. This consultation is seeking views about the range of issues that the next Local Plan will need to tackle, and options for addressing them. This includes the identification of potential areas for growth and development. We ask a series of questions throughout the consultation document (each of which is numbered). Please refer to the question number and/or topic in your response, where relevant.

You can download a PDF or an editable electronic copy of this form from our website [www.stroud.gov.uk/localplanreview](http://www.stroud.gov.uk/localplanreview). You will also find the main consultation document on this web page, as well as some supporting material and further reading. **Please note: there is a separate form for you to fill out if your comment relates specifically to a site submission / proposed alternative site (Local Plan Review: Call for Sites).**

The consultation closes on Tuesday 5<sup>th</sup> December 2017. Please email completed electronic responses to [local.plan@stroud.gov.uk](mailto:local.plan@stroud.gov.uk) or post paper copies to **Local Plan Review, The Planning Strategy Team, Stroud District Council, Ebley Mill, Westward Road, Stroud, GL5 4UB**. Should you have any queries, the Planning Strategy Team can be contacted on 01453 754143.

Horsley village shop is a small community shop and is largely volunteer run and the services and facilities are extremely limited with virtually no employment options in what is dispersed and difficult to access village.

The village and its various hamlets are having to live with what is already far too much traffic for its tiny, often single track roads, with many hills and blind corners, and the main thoroughfare is busy enough with through traffic without adding to the dangers already present from further traffic accessing from any new developments. The recent road closure and the ensuing rat runs emphasize this point, as does the Nupend Farm development, which has already demonstrated problems, such as parked vehicles, mud on the road and road works during the early development phase, well before the domestic traffic that will be present in the future, as car use will be essential.

The site identified HOR001 (HORA) is very important to the village in terms of landscape value, and if developed would not only be damaging in that respect, but would only add to the already considerable dangers posed by vehicles accessing the main road on a hill, near to the school where too much traffic already drives too fast for the conditions (and the speed limit).

There should be no further developments or house building in Horsley or the hamlets of Horsley, as they are already struggling to cope with the pressures of modern society thrust upon tiny roads and countryside.
