In response to the proposed housing plan for the Berkeley area, these are my comments:  
I do not agree with the upgrade to Tier 2 from Tier 3A for Berkeley. The local infrastructure has decreased, hospital closed, bank closed, post office closed, police station closed.

The local infrastructure, ie shops, schools, doctors etc will surely be stretched by the ongoing house building underway plus the recently completed new houses/ apartments in Berkeley.

Berkeley is a small town with no through road. All traffic travels through a choke point on the A38.

Parts of Berkeley are situated on a flood plain.

[REDACTED], Hamfallow, Berkeley resident
