Sir/Madam

In the Emerging Strategy Paper/Local Plan Review document out for public consultation, mention was made on p14 of the Market Hall. Is this reference an acknowledgement of public concern, a wishlist of Stroud DC areas for improvement, or a commitment to future support? We at Dursley Town Trust continue to seek support for Market Hall improvements, including the installation of a lift, to increase public enjoyment of this old building.

I would appreciate your clarification of the statement in the Plan.

Regards
