Sirs, I wish to add my name to that of the Wisloe action group against the development @ Wisloe Nr Cambridge Glos. My adopted parents brought me to [REDACTED] around Christmas 1941 and I lived there for the next 34 years. Apart from obviously sentimental reasons on my part, I 100% agree with the terms of dispute as set out by the Wisloe Action Group.

Apart from which I always believed that the Ernest Cook Trust was meant to uphold the countryside and Not to flog off beautiful prime agricultural land so that greedy developers can make a killing out of our heritage.

Incidentally there could well be some unexploded German ordnance from W.W.2 in one part of the proposed area

I know this because one of the jettisoned

Bombs came within 1.5 metres of obliterating my entire family and two evacuees who were with us.
