Please see email below and its attachment, which I submitted for inclusion in the Local plan in January 2019. As detailed in the attachment, I requested that my garden is shown in the Horsley settlement boundary. I have not received a response to this and would be grateful if my representations are taken into account.

Best Regards

Subject: Request for change in settlement boundary

I would like to submit a response to the Local Plan Emerging Strategy Paper consultation, to request that my garden is included in the Horsley settlement boundary, in line with other properties in Horsley. I have lived here for over 25 years and the area concerned has always been a domestic garden. I note in the plan other properties have requested their gardens are included.

Please can you acknowledge receipt of this submission.

Best Regards
