Dear Planners

I wish to object against your
plans for Ganger Lane project,

I feel this is not in the interest
of Dursley, as there is no work,

Plus this a Flood Plain, and there is
no proper access it is dodgy at
times to get through the town,

I would also like you and your
councillors to go to Smallpox Hill
to view the Valley, which would be
lost for ever, therefore I would like
you to consider us local people,
who have to live in this environment.

Thank you, Yours Sincerely
