Subject: Proposed plans for Sharpness

Categories: Consultation response

To Whom It May Concern:

I am writing with regards to the proposed development around Sharpness.

We strongly disagree with this level of development in a mostly rural area. It will damage local wildlife habitats, and as there are no jobs in the area, there will be a huge increase in traffic as people commute to Bristol/Gloucester, which in turn will increase pollution.

We understand that there is a huge demand for housing, however, surely it needs to be in proportion to the land available. Creating a 'garden village' will be catastrophic to the environment and the area will totally lose its identity.

I hope you will consider these points.

Kind regards,
