

Stroud Playing Pitch Strategy - Site Overviews

SDST.41	GL10 2JQ,	Stonehouse; Stonehouse	WYCLIFFE COLLEGE Bath Road, Stonehouse,	Education
				
Owner/Manager	Independent School			
Pitch sports played on this site	Cricket, football, hockey			
Pitches on this site – football	Many pitches but no recorded community use for winter sports.			
Pitches on this site – cricket quality	Two pitches either side of driveway. Main pitch very well tended. Limited community use. 1 grass pitch; 10 wickets. VQA: Good. 1 non turf wicket – good No club commenting Football – extensive grass areas – 4 good.			

Stroud Playing Pitch Strategy - Site Overviews

Other sports facilities	One full size floodlit sand filled AGP 100m x 60m (1999?). In good condition, and although used by community does not have secure community use.
Changing & ancillary facilities	VQA: Good – College facilities
Clubs/teams on this site - cricket	Occasional use for county training but no regular teams based here.
Comments on capacity - AGP	1. Not available at weekends. Available for 12.5 hours weekday evenings during peak time for community use. Used by hockey teams for 3 hrs (Stroud Ladies) and 8 hrs of football training/5v5. Only 1.5 hrs spare on Friday nights (unpopular slot)
Key Findings and Issues	1. Sand based AGP is important facility for hockey in Stroud but only for training as not available for community use at weekends (used by school) 2. Need to secure community use of this facility.
