Paragraph Policy Policies Map

4. Do you consider the Local Plan is :

4.(1) Legally compliant	Yes	<input type="text" value="√"/>	No	<input type="text"/>
4.(2) Sound	Yes	<input type="text"/>	No	<input type="text" value="√"/>
4 (3) Complies with the Duty to co-operate	Yes	<input type="text" value="√"/>	No	<input type="text"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Whilst support is provided to District Council to ensure that all new developments within the District are well designed, the policy itself is very ambiguous and could require proposed developments to respond to a whole plethora of design codes and policies contained in a number of documents which may not necessarily complement each other.

The strategic sites contained within the Pre-Submission Draft Local Plan each have their own site specific and tailored policy requirements, including in many cases the requirement for a comprehensive Masterplan and Development Brief. It is therefore considered that the strategic sites should not have to then conform to a number of other more generalised design

documents. It should be made clear, therefore that Policy ES12 relates to all development proposals within the District apart from the allocated Strategic Sites.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

It should be made clear that Policy ES12 relates to all development proposals within the District apart from the allocated Strategic Sites which already have their own site specific and tailored policy requirements.

(Continue on a separate sheet /expand box if necessary)

Please note In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Our objections go the heart of the Plan and its strategy as we consider the Plan as drafted is unsound.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
