

LOIN

Dear Sir/ Madame

I am writing to you to oppose the plans to build in Hardwicke and the Stroud constituency I feel it will damage community cohesion. Also, I've lived here all my life and witnessed over the years development happening all the time. It was mostly fields but soon as the developers moved in nature decided to move and run out. For years the Hardwicke has been targeted to building and has had no security. I've always payed taxes and always work but feel my voice is not being listened to. There's no need for houses it's only so the authorities can Gain and developers also make a profit at the end of the day it's always about money.

Farmers are insecure as they are at greatly risk of being taken to court to gain there land or taking advantage of them by paying lump of money instead of helping and supporting.

I also love to go for bike rides and walking around especially along the canal path and the countryside but it's greatly at risk. There's no where to go to enjoy nature!

I object if Gloucester don't want to build there then they can regenerate their old building and like Richard Graham said he welcomes development!

Your sincerely,
